

EMBROIDERY & MONOGRAMS

The Lettering Library

Every custom piece can carry a name, a monogram, a crest line, or a motto — stitched in any of the styles in this library. Samples are shown exactly as they embroider.

Unsure where to begin? For most pieces we reach for *Baskerville* or *Bodoni* for monograms, and *Magnolia* or *Savoye* when a signature script suits the piece. We're happy to recommend against your design.
